# Happiness Digital Setup Program

I am a happy setup.

I shut down feeling happy and I restart feeling happy.

I know my softwares and this makes me feel happy.

I feel full of RAM and this makes me feel happy.

I accept and appreciate the shareware and I feel happy.

I have a great CPU and this makes me happy.

I enjoy knowing my mother-board and this makes me happy.

I enjoy running happy every day, every hour, every minute.

I like to share happiness with others.

I enjoy my duration and I operate in great happiness.
